

LAKE MAGGIORE 2021

The ideal destination for *smart workers* who love the outdoors

Lake Maggiore and its valleys are the ideal destination for those who love active holidays, sport and outdoor activities in nature.

The harmonious relationship between man and the environment is the essence of this region: natural parks, forest reserves, adventure trails, cycle tracks, hikes and walks for everyone to experience nature at their own pace. Then there are golf courses, a great many watersports to enjoy on the lakes, and excursions through the countless alpine valleys or in the vicinity of the majestic Monte Rosa, but also pilgrimages to follow on the Sacri Monti of Piedmont and Lombardy, a Unesco heritage site, or to the sanctuaries and abbeys scattered across the area.

An enchanted atmosphere, from another time, quality of life, authentic flavours, an oasis for unplugging for short periods or longer stays in the spirit of relaxation, discovery and active holidays. And for those who need to be on call and working even during their holidays? No problem - the majority of our accommodation facilities, both hotels and non-hotels, are equipped to provide *smart-working* tourists with highly efficient dedicated services: quiet workspaces, high-speed WiFi connection even outdoors, multiple electrical sockets, babysitting services, co-living, and much more. At Lake Maggiore, you can combine the joys of being on holiday with the efficiency of an open-air office!
